HIGHLIGHTS & DESCRIPTION

Coyote and Wolf hunt in Alberta

Overview

Experience the Ultimate Predator Hunt – Action-Packed Coyote Hunting & Thrilling Wolf Hunts!

Hunt the fast and cunning coyotes using intense calling methods or take on the challenge of wolf hunting over bait. A hunting experience that demands sharpness, precision, and most importantly, patience!

It is a unique opportunity to hunt these smart and fast predators in an area where they are found in large numbers. It is not uncommon to have over 10 Coyotes come to the call throughout the day.

The hunting areas are located on private properties, providing access to areas with large predator populations. A combination of different calls and decoy methods is used to give you the best possible hunting experience.

In addition to our popular coyote hunts, we also offer wolf hunting over bait. For those who want an extra challenge, wolf hunting provides an intense and exciting experience. Wolves are smart and cautious, and luring them to bait requires both patience and sharp observation. It is a hunt that truly tests your skills as a hunter.

The day starts early with breakfast, followed by a drive to the hunting grounds. Depending on snow conditions, it is often possible to reach up to eight or more spots in a day. Experienced guides ensure that you make the most of your hunting time, and you will be well-prepared for all aspects of the hunt.

HIGHLIGHTS

- Our partner has extensive experience and demonstrates commitment and professionalism

They strive to provide you with a hunting experience that is both challenging and unforgettable. Whether you are a beginner or an experienced hunter, our coyote and wolf hunts in the magnificent Alberta will not disappoint.

IMPORTANT INFORMATION FOR THE HUNTER:

- Hunters should be in reasonably good physical shape and able to walk short distances in the snow.
- Transportation to and from bait sites may be done by snowmobile, Argo, or ATV, but expect to walk approximately 1 kilometer to and from the blind.
- It is important to understand that weather conditions have a significant impact on the movement patterns of coyotes and wolves.
- The chances of hunting coyotes are generally higher compared to wolves, where the odds are lower.
- When hunting with calling methods, we drive around, stop to call, and locate wolves. Once located, we make a plan and attempt to call them in to provide a shooting opportunity.
- When hunting over bait, hunters must be aware that baited hunts can involve long days in the blind without any activity. Wolves patrol their territories in cycles – sometimes every 4–5 days, sometimes every 10 days or more. If you hunt during a period when wolves are not frequently in the area, it can be quite challenging. However, if the bait site is active and wolves are visiting regularly, it can be a once-in-a-lifetime hunting experience!

- Blinds are typically placed approximately 100–150 meters from the bait site.
- Blinds have portable propane heaters, but the heat only provides slight relief – warm and appropriate clothing is therefore essential!
- If trail cameras at the bait sites show only nighttime activity, we often try to sneak in closer at dawn or dusk and use calling methods. This can sometimes draw wolves out and create a shooting opportunity.

HUNTING AREA AHA Hunting Area

The hunting area is vast and varied, with forests, lakes, streams, rivers, and large meadows, located in central Alberta.

The area attracts thousands of geese every year, and hunters can expect to encounter species such as black bears, Canadian moose, whitetails, wolves, and coyotes.

A large part of the hunting areas is roadless, so ATV and 4X4 are used for transportation during the hunt. It is an unforgettable hunting area with countless opportunities.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
